How to create your own exploration. One of the most useful features of the Analysis window is called "Exploration". Basically, an exploration works in a similar way to scan but instead of looking for and reporting just buy/sell signals it allows you to generate customizable screening (or exploration) report that can give you much more information than simple scan.

Pop Culture. Pop Culture. Even though Neptune is the farthest planet from our Sun, it's a frequent stop in pop culture and fiction. The planet served as the backdrop for the 1997 science fiction horror film Event Horizon, while in the cartoon series Futurama, the character Robot Santa Claus has his home base on Neptune's north pole. Dr. Who fans will remember that an episode entitled "Sleep No ...

What is a DCF Model? A DCF model is a specific type of financial modeling tool used to value a business. DCF stands for Discounted Cash Flow, so a DCF model is simply a forecast of a company's unlevered free cash flow discounted back to today's value, which is called the Net Present Value (NPV). This DCF model training guide will teach you the basics, step by step.

Some of this is exploration specific, and a lot of it is also general to Elite: Dangerous. This document assumes you already know how to at least play the game, basically, and understand some of the game's terminology. This isn't meant to be a quick-start guide, but rather a list of tips and details that are easy to miss.
