Wired to Care: How Companies Prosper When They Create ...

getAbstract Book Review: *Wired to Care* Executives often know little about the people who buy their companies’ products and services. This is not surprising. To study people, you must care about them. However, most companies eliminate empathy from their operations. In essence, they proceed as if they have calculating, survival-bent reptile brains.

Step into the shoes of your consumer and innovate from their perspective is the not so secret innovation secret of companies such as Nike, Pixar, Netflix and IBM. That's the pitch in Wired to Care: How Companies Prosper When They Create Widespread Empathy by Stanford professor and TED

speaker, Dev Patnaik.

Speed Summary: Wired to Care - Brand Genetics

Dec 12, 2009-- In his recent book, "Wired to Care: How Companies Prosper When They Create Widespread Empathy," CEO Dev Patnaik argues that it is not the lack of innovation that hampers companies, but the "empathy gap" -- the chasm between employees in organizations and the people that they serve. Companies, he said, "do a good job of stamping empathy out of employees, then are surprised when employees make poor decisions or try to sell things that people don't need."
